VERSE 1          Something inside us is coming alive
                                 Asus
                 You're sending us out with authority
                         A
                 Something inside us is coming alive
                                 Asus
                 You're sending us out with authority
                          A
                 You fill us with fire, holy desire
                               Asus
                 Your Spirit is all I will ever need
                               A/C#
                 You fill us with fire, holy desire
                              Asus/D
                 Your Spirit is all I will ever need
```

```
                           A
CHORUS           You are all I will ever need
                          A/D
                 You are all I will ever need
                         F#m7
                 You are all I will ever need
                          D
                 You are all I will ever need
```

```
TURNAROUND    F#m7 ///  D ///   A/C#  /// D ///

VERSE 3   **Breaking down strongholds of the enemy**
                                        (WHOLE REST)
                            By the blood of the lamb
                                        A
                            Breaking down strongholds of the enemy
                                        (WHOLE REST)
                            By your blood, by your blood
                                        A
                            Breaking down strongholds of the enemy
                                    Bm7
                            By the blood of the lamb
                                          F#m7
                            Breaking down strongholds of the enemy
                                      A/D
                            By your blood, by your blood

CHORUS   **You are all I will ever need**
                            You are all I will ever need
                            You are all I will ever need
                            You are all I will ever need
